What does Medical Alumni Association Membership mean for you?

Membership Means Getting Involved

GO.WAYNE.EDU/ENGAGEMENT

Medical Students

Medical Specialty Luncheons: Speak with M1 & M2 students about your chosen specialty during a 1-hour, informal luncheon held at Scott Hall.

Student Learning Community Dinners: Assist one of eight Student Learning Communities with advising, mentoring, career planning, and medical professionalism over a meal! These dinners, held at the School of Medicine, are arranged in small groups; with each physician personally interacting with current medical students!

Shadowing: Share your clinical experience by allowing a student to shadow you at your office or hospital.

Dinner with a Doc: Host dinner for a current student or students in your home or at a restaurant. Share practical tips and advice about your chosen specialty, establishing work/home-life balance, etc.

Host: Provide a free place to stay, and advice, for medical students who are traveling to residency interviews or participating in away-rotations.

Alumni

Medical Alumni Board of Governors: Board Members serve as a voice of the alumni body and ambassadors for the School of Medicine. They help develop programs, services, benefits and communications that foster awareness, generate pride and encourage involvement among alumni, students and the community at large.

In Residence: Social gatherings hosted at the homes of alums in the metro-Detroit area. A great way to catch up with fellow alums and celebrate the WSU School of Medicine!

Class Ambassador: Help build and maintain strong connections between your classmates and the School of Medicine by serving as your class's ambassador!

Membership Means Staying Connected

Website: View class photos, notable alumni, alumni resources and much more! alumni.med.wayne.edu

A Message from your Membership Committee Chairman

The students at the WSUSOM accomplish phenomenal feats. Their advances in research, education and patient care are truly incredible. The services they provide to the Detroit community are immeasurable and have helped drive the stunning comeback of Detroit, the Paris of the West. The generous support of the Medical Alumni Association makes all of these accomplishments possible. When I was a student, my organization benefited from the support of the Alumni, so I am honored to give back and support the next generation of Wayne State Docs.

Lifetime Member
Steve Daveluy,
MD '08, Res. '12

A Message from the President of the Student Senate

Student Member
Jay Llaniguez,
MS, MD/PhD Candidate
(Expected Graduation: 2020)

The mission of each Student Organization and Interest Group is largely fulfilled by the generous financial support of the Medical Alumni Association. Our focus as medical students is community health, the drive for direct engagement with our patient population, and the desire to continuously advocate for increasing patient access and reducing barriers to healthcare. We do all of this through a highly organized governing structure of Student Senate and the Board of Student Organizations. On behalf of all the Student Leaders at WSU SOM, thank you so much for your commitment to further our training; enabling us to care for our Detroit Community. Your support has a direct impact on the health outcomes of the City of Detroit and the State of Michigan.
